

Dual Enrollment: Expansion of Discount, Beginning FY2021-22

In accordance with Board of Governors Policy 1999-02-A: Tuition and with Pennsylvania's State System of Higher Education Procedures and Standards for University Operations Procedure/Standard Number 2011-02, and having been reviewed by university legal counsel, the following will be effective for the fall 2021 semester:

1. Dual enrollment high school students will receive a 75 percent tuition discount based on the appropriate tuition rate for their residency and/or course type (i.e. in person or online) and pay applicable fees at the full rate.
2. IUP will allow eligible high school students to enroll in up to two IUP liberal arts courses while still in high school. Exceptions to the course level and number of courses may be made on a case-by-case basis in consultation with the high school guidance counselor and the IUP dual enrollment coordinator.
3. This program is open to students enrolled in a US
 5. To be eligible, students must be juniors or seniors in high school with a minimum cumulative high school grade point average and be recommended by the high school guidance counselor. Exceptions to the year in high school and minimum average minimum may be made on a case-by-case basis in consultation with the high school guidance counselor and the IUP dual enrollment coordinator.

Board of Governors Policy 1999-02-A: Tuition, Section D, 1.3:

D 1.3: The president may adjust tuition rate(s) to allow the university to establish partnerships with other institutions in collaborative/consortial arrangements.

Pennsylvania's State System of Higher Education Procedures and Standards for University Operations Procedure/Standard Number 2011-02, Section D, 2,3,4:

D 2. Sharing among non-System entities. From time to time, universities might have opportunities to partner with other educational institutions to expand educational opportunities. These partnerships may include Pennsylvania community colleges, other (non-System) Pennsylvania colleges or universities, out-of-state higher education institutions, local school districts, and/or other educational consortia. Some of these arrangements might exist for the System as a whole or for specific universities.

D 3. Presidents may pursue collaborative or consortial arrangements with any of the above-listed entities to improve the educational opportunities for Pennsylvanians. If alternative tuition rates are established by the presidents, the terms and conditions of such arrangements must be reviewed and approved by Legal Counsel.
